Resource Network Celebrates 10 Years of Attracting Great Talent With Chartwells!

Resource Network is a team of devoted management recruitment professionals celebrating 10 years as the premier recruiting department of Chartwells' parent company Compass Group. Dedicated to attracting great people in a diverse workforce, we take pride in offering rewarding and promising careers for current and future associates.

Through the use of various methodologies, Resource Network is able to provide top quality candidates from diverse candidate pools, offering Chartwells management the opportunity to hire the best of the best. With an in-depth understanding of Chartwells' commitment to diversity and 100% compliance with the Equal Employment Opportunity Commission (EEOC) and U.S. Department of Labor Office of Federal Contract Compliance Programs (OFCCP), recruiters partner with operations and work closely together to ensure that only the most qualified candidates are considered for management openings.

Cutting-Edge Technology

Technology aids Resource Network recruiters to efficiently identify top talent and manage the candidate pipeline for Chartwells. Using an applicant tracking system in conjunction with their career site, Resource Network is able to notify both internal and external candidates about positions that they are qualified for or might have interest in applying to. Technology solutions are continually being developed keeping up with innovations based on the latest trends and analytics. Visit www.realopportunities.com to view employment opportunities.

Targeted Marketing

Resource Network uses various marketing strategies including collaborating with industry and minority professional organizations, advertising with diverse websites, targeted sourcing campaigns, military sites and developing relationships with historically black colleges and universities. Resource Network also has a dedicated College Relations team focused on networking and building partnerships with leading culinary and hospitality programs throughout the country for Chartwells entry level management in training opportunities. Resource Network embraces Diversity & Inclusion.

Veteran Hiring

One Resource Network program recently piloted by Chartwells, is targeting Navy Supply Corps transitioning personnel into Chartwells Management opportunities for university foodservice operations. This progressive program gives Chartwells access to candidates with greater leadership qualities, while assisting our country's military veterans as they transition from active duty. Compass Group hired over 150 veterans in 2010 and have programs in place to increase the results for 2011. We invite everyone to view employment opportunities at www.Chartwellsjobs.com or www.compassgroupcareers.com
